B6 protein - human papillomavirus type 53
C; Species: human papillomavirus type 53
C; Species: 20-Feb-195 #sequence_revision 20-Feb
C; Accession: $36527
R; Delius, H.; Hofmann, B.
submitted to the EMBL Data Library, August 19
A; Description: Primer-directed sequencing of
A; Reference number: $36469
                                                                                                                                                                                                                                                                                                                                                                                                             A;Molecule type: DNA
